HOW ABOUT IT?

On Friday evening, March 23, a number of citizens of the first ward met in caucus at the city hall for the purpose of nominating a ticket for that ward. J. M. Cooper was selected as chairman and T. Connor secretary, after which Charles L. Smith was nominated for councilman and A. E. Hanback for member of the board of education. As there was no further business to transact the meeting adjourned. Mr. Connor, as secretary, then started with the nominations to the city clerk's office to file them. The city clerk was not in his office and Mr. Connor in company with Mr. Fribley set out to find him, but failed in their search and left the nominations at the clerk's home. The next morning Mr. Connor saw Mr. J. T. Ryon, the city clerk, and was informed that he would not place the names of the nominees upon the ticket, claiming the law had not been complied with.

Prior to the holding of the caucus, however, a petition had been circulated asking that J. S. Price be placed on the ticket for councilman of the first ward and J. Bischofsberger for member of the board of education. The petition was according to law, as we understand, and was duly received by the clerk. As to Mr. Price and Mr. Bischofsberger there is no complaint. They are both good men and it elected will undoubtedly make good officers.

But some of the citizens of the first ward, not pleased with the idea of having a ticket slipped in on them in such a manner, protested in the most vigorous terms at a meeting held on Thursday afternoon, of which J. M. Cooper was chairman and Ira C. Perkins secretary. A committee of three was appointed, consisting of J. M. Cooper, T. B. McElhiney and J. J. Fribley, to investigate the matter and take such steps as were necessary to compel the clerk to put the nominees of the caucus held at the city hall last Friday night upon the ticket. Mandamus proceedings were talked of and will probably be brought, but the voters of the first ward, if they are not satisfied with the nominees whose names are on the ticket, have recourse to the ballot box. Section 22 of the Australian ballot law, which says: "On receipt of his ballot, the voter shall forthwith, and without leaving the inclosed place, retire alone to one of the voting booths so provided, and shall prepare his ballot by making in the appropriate margin or place a cross (x) to the left of the name of the candidate of his choice for each office to be filled or by writing in the name of the candidate of his choice in a blank space on said ticket," etc. Thus it will be seen that if the voters of the first ward wish to vote for the nominees of the regular caucus they may do so by writing in the names of the candidates of their choice. The following resolutions were offered and adopted unanimously at the meeting held Thursday afternoon:

WHEREAS, An attempt has been made by certain parties who are not residents of this ward to prevent the legal nominees of our ward caucus from being placed on the election ballots, but have assumed to circulate a petition to place the names of others than the nominees of said caucus, and

WHEREAS, The city clerk refused to put the names of the regular nominees of the said caucus on the ticket, but in lieu thereof did have the names of those on the petition printed thereon. Be it

RESOLVED, That we, the voters of the first ward, denounce all such proceedings as a dastardly and outrageous attempt to deprive us of our rights as free and independent voters, and

RESOLVED, That a committee be appointed by the chairman of this meeting to investigate as to the animus of such proceedings and to take such legal steps as will insure the voters of the first ward a free ballot and a fair count; also to publish in the city papers a full report of this infamous attempt to curtail the legal rights of our citizens.

RESOLVED, That we denounce any and all parties who engage in stirring up strife and discord between the different sections of our city, believing it is the duty of all good citizens, and especially our city officers, to work for the best interests of the whole city regardless of wards or sections.

RESOLVED, That these resolutions be copied in the city papers.

This (Saturday) evening a great big mass meeting will be held at the city hall to discuss what the voters of the first ward term "a damnable outrage."

In a few days we will have in a new crate of J. & G. Menkin's White Granite. Every one knows this is the best white ware made. It costs us a little more money than the yellow grades, but we are going to make the lowest living prices on it. Watch for it. Yours truly, **CHAS. F. NOBLE, Agent.**
